

## Louisiana Public Higher Education General Education Matrix

Unless otherwise noted, all courses in this Matrix transfer to all institutions as General Education courses. A course accepted as an equivalent or as a substitute for a required General Education course may or may not be accepted as equivalent or substitute for a course required for majors in a specific discipline: e.g., Biology. A student should contact the institution to which he or she intends to transfer to inquire about the potential transferability of the course and to determine whether the course will count in his or her major.

Endnotes' and Asterisks' Legend *(Note: All examples have been selected from the 1st page of the matrix) :*

- a. An endnote beside a “crosswalk course” in column 1 (e.g. General Chemistry [8]) signifies that a receiving institution treats that course from all sending institutions in the same manner.
- b. An endnote beside an institution’s course (e.g. RPCC's Chem 1010L [1]) generally means that the course may not be accepted as an equivalent course by one other institution.
- c. An asterisk (\*) beside an institution’s course in the Matrix [e.g. BPCC's Engl 201\*] means that two or more institutions do not accept the course as an equivalent course. A student should contact the institution to which he or she intends to transfer to inquire about the potential transferability of the course and to determine whether the course will count in his or her major.
- d. A double asterisk (\*\*) beside a “crosswalk course” in column 1 [e.g. English Literature II \*\*] signifies that courses in this row are upper division courses at some institutions and lower division courses at other institutions. Therefore, students should contact the receiving institution regarding transferability of credit.
- e. Unless otherwise noted in parenthesis, courses are for 3 hours credit (3cr) and labs are for 1 hour credit (1cr).

# Louisiana Public Higher Education General Education Matrix

Courses in this Matrix have been evaluated by institutions listed in the Matrix. UNLESS OTHERWISE NOTED, ALL COURSES in a given row of this matrix are equivalent to each other and will be accepted for general education credit. A course **MAY OR MAY NOT BE ACCEPTED** as equivalent to or substitution for a course IN A SPECIFIC DISCIPLINE/MAJOR, e.g., Biology. For a Course accepted for transfer credit, the receiving institution may require documentation that the course was taught by faculty with the appropriate qualifications, especially courses from institutions which are neither accredited nor candidates for accreditation by the Commission on Colleges of the Southern Association of Colleges and Schools (COC-SACS). All institutions listed in the Matrix are currently accredited by COC-SACS or are in candidacy status with the exception of the LTC and the following emerging community colleges: L.E. Fletcher TCC, LDCC, SLCC and Sowela TCC.

# In foreign language, if a sequence is completed at a given institution, the equivalent of the sequence will be accepted at other institutions. Contact the receiving institution for interpretation of credit if only a portion of the sequence is completed. Also, students are encouraged to take a language placement examination if transferring mid-sequence.

# Louisiana Public Higher Education General Education Matrix

Courses in this Matrix have been evaluated by institutions listed in the Matrix. UNLESS OTHERWISE NOTED, ALL COURSES in a given row of this matrix are equivalent to each other and will be accepted for general education credit. A course **MAY OR MAY NOT BE ACCEPTED** as equivalent to or substitution for a course IN A SPECIFIC DISCIPLINE/MAJOR, e.g., Biology. For a Course accepted for transfer credit, the receiving institution may require documentation that the course was taught by faculty with the appropriate qualifications, especially courses from institutions which are neither accredited nor candidates for accreditation by the Commission on Colleges of the Southern Association of Colleges and Schools (COC-SACS). All institutions listed in the Matrix are currently accredited by COC-SACS or are in candidacy status with the exception of the LTC and the following emerging community colleges: L.E. Fletcher TCC, LDCC, SLCC and SOWELA TCC.

# Louisiana Public Higher Education General Education Matrix

Courses in this Matrix have been evaluated by institutions listed in the Matrix. UNLESS OTHERWISE NOTED, ALL COURSES in a given row of this matrix are equivalent to each other and will be accepted for general education credit. A course **MAY OR MAY NOT BE ACCEPTED** as equivalent to or substitution for a course IN A SPECIFIC DISCIPLINE/MAJOR, e.g., Biology. For a Course accepted for transfer credit, the receiving institution may require documentation that the course was taught by faculty with the appropriate qualifications, especially courses from institutions which are neither accredited nor candidates for accreditation by the Commission on Colleges of the Southern Association of Colleges and Schools (COC-SACS). All institutions listed in the Matrix are currently accredited by COC-SACS or are in candidacy status with the exception of the LTC and the following emerging community colleges: L.E. Fletcher TCC, LDCC, SLCC and Sowela TCC.

## ENDNOTES

- [1] To be equivalent to LSU A&M's Chem 1212, students at UNO must complete Chem 1023 and Chem 1024 [not in matrix]; and students at RPCC must complete Chem 1010L and 1020L.
- [2] La Tech does not accept Grambling's Math 132 as equivalent to its Math 112.
- [3] LSUA accepts the following courses for general education credit but not as equivalent to its corresponding course(s): [BPC's Phsc 105; Delgado's Scie 101; and NSU's Sci 1020 & 2020].
- [4] LSUA does not accept SUSLA's Biol 105 for general education credit.
- [5] LSU A&M accepts the following courses for general education credit but not as equivalent to its corresponding course(s): [Nich's Biol 203; SUNO's Chem 241 and 242; SUSLA's Biol 200, Chem 230-231; ULL's Biol 201, Phys 207-208, and 217-218; ULM Ants 207.
- [6] UNO accepts the following courses for general education credit but not as equivalent to its corresponding course(s): [Delgado's Biol 210 and 212, Chem 221 and 222, Anth 160 and Spch 230.]
- [7] **EXPIRED (AY 2004-05)**
- [8] LSUA accepts General Chemistry courses for general education credit but not as equivalent courses.
- [9] La Tech's Chemistry I & II and Organic Chemistry Lecture courses have a 3 quarter sequence rather than a two semester sequence. Each lecture course is 2 semester credit hours.
- [10] **EXPIRED (AY 2005-06)**
- [11] LSUS only accepts Hist 224 & 225 from SUSLA and SUBR as American History I and II.
- [12] Students are urged to contact LSU A&M for information about general education course transferability.
- [13] LSUA does not accept McNeese's Geog 211 as an equivalent course. However, LSUA will accept McNeese's Geog 101 & 102 as equivalent to its Geog 1001 & 1003.
- [14] Grambling will accept 200/2000 level, but not 100/1000 level, Physical Geography courses as equivalent to its Geog 308.
- [15] To be equivalent to LSU A&M's Psyc 2000, students must complete SLU's Psyc 101 & 102 [not in matrix], ULL's Psyc 210 [not in matrix], or SLCC's Psyc 1010 & 1020 [not in matrix].
- [16] NSU does not accept as equivalent the following courses for its Fa 1040: Delgado's Fnar 120; Nunez's Fiar 120; GSU's Art 105; LaTech's Art 290; McNeese's Art 351; and Nicholls' Art 110.
- [17] The method for determining Computer Literacy differs at each institution. Students are encouraged to contact the institution to which he/she is transferring for specific information concerning computer literacy requirements.
- [18] The Louisiana Technical College faculty who will deliver instruction for transferable general education courses have been evaluated by LTC and approved to teach in accordance with COC-SACS standards. Official college transcripts for the faculty are on file with the LTC Vice Chancellor for Academic Affairs and the faculty have given clearance for transcript dissemination to colleges and universities for awarding transfer credit.
