Read this first

Numerous course transfer (“equivalency”) agreements exist among Louisiana's public postsecondary institutions. For general education coursework, a matrix representing such agreements appears below.

Note that the purpose of the matrix is to list only those general education courses about which there is

Statewide General Education Course Articulation Matrix, AY 2007-08

broadest range of agreement. It is not an exhaustive list of all articulation agreements among the state's institutions, public or private, and should not be used by anyone as if it were.

The prerogative for accepting a course for credit belongs to the institution to which a student intends to transfer (the “receiving institution”). Students are therefore urged to contact the appropriate department or unit at the receiving institution for definitive answers to the following questions:

- the transferability of a course;
- whether the course will count toward a particular major (note that, typically, a letter grade of "C" or better is required for a course to count for degree credit);
- requirements for school accreditation, which may preclude some courses from being accepted for credit; and
- any other articulation agreements that may exist between schools.

The role of the Board of Regents is not to decide course equivalency questions, but to coordinate, monitor, and publish the broadest areas of agreement about these questions among the state's public institutions. Matrices for areas other than general education can be found on the Board of Regents website (www.regents.state.la.us).

How to use this matrix

The leftmost column of the matrices below shows a list of generic (“crosswalk”) course names. Each additional column shows the course at a particular institution which corresponds to a given crosswalk course name. If a course appears in the institution's column, other institutions in that matrix have agreed that the course is equivalent to their own, which is listed in their own columns.

If a course does *not* appear in an institution's column, not enough institutions have decided that the course is indeed equivalent to their own. As a general rule, to appear on a statewide matrix, a course must be deemed acceptable by at least half the public postsecondary institutions in the state in that matrix category.

Sometimes a course may be listed as acceptable only under certain conditions. Conditions and other relevant information is denoted as follows:

Statewide General Education Course Articulation Matrix, AY 2007-08

A footnote number beside a *crosswalk* course name alerts students to additional general information or guidance about courses in that row.

A footnote number beside an *institution's* course generally means that the course may not be accepted as an equivalent course by one other institution. Information about that course is detailed in the corresponding endnote.

An asterisk (*) beside an institution's course in the matrix means that two or more institutions do not accept the course as an equivalent course. A student should contact the registrar or admissions unit at the institution to which he or she intends to transfer to inquire about the potential transferability of the course and to determine whether the course will count toward credit in a particular major.

A double asterisk (**) beside a crosswalk course (e.g. English Literature I **) signifies that courses in this row are upper division courses at some institutions and lower division courses at other institutions. Typically, courses taken at two-year institutions and 100/1000 and 200/2000 level courses taken at four-year institutions will not transfer as upper division courses. Students are urged to contact the institution to which they intend to transfer for details.

A plus sign (+) beside a crosswalk course denotes that students are strongly advised to complete a lecture and lab *sequence* of natural science courses to maximize transfer of credit for general education purposes at another institution.

A hash mark (#) beside an institution's course in language (e.g. Spanish) denotes that if a sequence of language courses is completed at a given institution, the equivalent of that sequence will be accepted at other institutions. Students are urged to contact the receiving institution for interpretation of credit if only a portion of the sequence is completed. Also, students are encouraged to take a language placement examination if transferring mid-sequence.

Authority of this matrix

Courses in the following matrices have been evaluated by appropriate faculty at the institutions listed and should have been distributed to appropriate parties at the institution, such as the registrar and admissions personnel. Therefore, unless otherwise noted, all courses in a given row are officially considered equivalent to each other and *will* be accepted for credit. The Statewide Council of Chief Academic Officers and the Board of Regents have also endorsed these matrices as normative.

Statewide General Education Course Articulation Matrix, AY 2007-08

What if a course doesn't appear anywhere on this matrix?

If the course you're interested in does not appear anywhere on the matrices below, it still may be accepted for credit. Contact the receiving institution's Office of the Registrar. The receiving institution will likely require documentation that the course was taught by faculty with the appropriate qualifications, especially courses from institutions which are neither accredited nor candidates for accreditation by the Commission on Colleges of the Southern Association of Colleges and Schools (SACS-CoC). The receiving institution will also likely require the course syllabus, a transcript, and other kinds of information.

FOOTNOTES

1. To be equivalent to LSU A&M's Chem 1212, students at UNO must complete Chem 1023 and Chem 1024 [not in matrix]; and students at RPCC must complete Chem 1010L and 1020L.
2. La Tech does not accept Grambling's Math 132 as equivalent to its Math 112.
3. LSUA accepts the following courses for general education credit but not as equivalent to its corresponding course(s): [BPCC's Phsc 105; Delgado's Scie 101; and NSU's Sci 1020 & 2020].
4. LSUA does not accept SUSLA's Biol 105 for general education credit.
5. LSU A&M accepts the following courses for general education credit but not as equivalent to its corresponding course(s): [Fletcher's Phsc 1001, 1002; Nicholls' Biol 203; SUNO's Chem 241 and 242; SUSLA's Biol 200, Chem 230-231; ULL's Biol 201, Phys 207-208, and 217-218; ULM Ants 207.
6. UNO accepts the following courses for general education credit but not as equivalent to its corresponding course(s): [Delgado's Biol 210 and 212, Chem 221 and 222, Anth 160 and Spch 230.]
7. EXPIRED (AY 2004-05)
8. LSUA accepts General Chemistry courses for general education credit but not as equivalent courses.
9. La Tech's Chemistry I & II and Organic Chemistry Lecture courses have a 3 quarter sequence rather than a two semester sequence. Each lecture course is 2 semester credit hours.
10. EXPIRED (AY 2005-06)
11. LSUS only accepts Hist 224 & 225 from SUSLA and SUBR as American History I and II.
12. Students are urged to contact the institution (LSU A&M or LSUA) for information about general education course transferability.
13. LSUA does not accept McNeese's Geog 211 as an equivalent course. However, LSUA will accept McNeese's Geog 101 & 102 as equivalent to its Geog 1001 & 1003.
14. Grambling will accept 200/2000 level, but not 100/1000 level, Physical Geography courses as equivalent to its Geog 308.

Statewide General Education Course Articulation Matrix, AY 2007-08

15. To be equivalent to LSU A&M's Psyc 2000, students must complete SLU's Psyc 101 & 102 [not in matrix], ULL's Psyc 210 [not in matrix], or SLCC's Psyc 1010 & 1020 [not in matrix].
16. NSU does not accept as equivalent the following courses for its Fa 1040: Delgado's Fnar 120; Nunez's Fiar 120; GSU's Art 105; LaTech's Art 290; McNeese's Art 351; and Nicholls' Art 110.
17. The method for determining Computer Literacy differs at each institution. Students are encouraged to contact the institution to which he/she is transferring for specific information concerning computer literacy requirements.
18. The Louisiana Technical College faculty who will deliver instruction for transferable general education courses have been evaluated by LTC and approved to teach in accordance with SACS-COC standards. Official college transcripts for the faculty are on file with the LTC Vice Chancellor for Academic Affairs and the faculty have given clearance for transcript dissemination to colleges and universities for awarding transfer credit.
19. LSU A&M is phasing out English 1002 and replacing it with English 2000, a new course offered since Fall 2006. Transfer students during AY 2007/08 and 2008/09 will have the option of taking transfer credit for Engl 1002. Please contact the LSU English Department for details regarding articulation.
